Original text in French

The development of an anti-bullying and anti-violence plan is one process among a set of actions implemented by the educational institution to ensure a healthy and safe environment. The prevention of violence and bullying requires ongoing actions that depend, in particular, on the continuous and consistent application of the rules of conduct and safety measures approved by the governing board. In accordance with the Education Act (EA), the rules of conduct must specify, in particular:

- the attitudes and conduct that are required of students at all times*
- the behaviours and verbal or other exchanges that are prohibited at all times, including during school transportation, regardless of the means used, including social media*
- the applicable disciplinary measures, according to the severity or repetitive nature of the prohibited act*

Furthermore, the rules of conduct and the safety measures must be presented to the students during a civics session held each year by the principal in collaboration with the school staff. They must also be sent to the parents at the beginning of each school year (EA, s. 76). Often outlined in the educational institution's code of conduct, these rules of conduct are intended to ensure the best possible conditions for success and the proper operation of the school. They establish the expected everyday behaviours for fostering community life (e.g. respect, civility). The objective of the anti-bullying and anti-violence plan is to develop ways of preventing the occurrence of any situation of bullying or violence, and to plan out the actions to be taken when such a situation unfortunately arises.

In this template for the anti-bullying and anti-violence plan, the term "instigator" replaces the more widely used term "author", particularly in legal frameworks. The term "instigator" is thus used in this document except when those legal frameworks are cited.

INTRODUCTION

In order to clarify the duties and responsibilities of educational institutions and all school stakeholders involved in situations of violence and bullying, the Education Act (hereinafter, “EA” [CQLR, c. I-13.3]) requires every educational institution¹ to develop a plan aimed at preventing and putting an end to all forms of bullying and violence and, more specifically, at making the institution a healthy and safe learning environment, so that every student attending it can develop their full potential, free from any form of bullying or violence. In addition, the adoption of the Act respecting the National Student Ombudsman (S.Q., 2022, c. 17, hereinafter, “ANSO”) has led to further amendments to the EA.

In particular, the EA therefore stipulates the following:

- *The principal shall see to the implementation of the anti-bullying and anti-violence plan and shall promptly deal with any report or complaint concerning an act of bullying or violence that they receive or that the regional student ombudsman sends to the principal (EA, s. 96.12). The principal shall assist the governing board in the exercise of its functions and powers and, for that purpose, shall coordinate the development, the review and, if necessary, the updating of the anti-bullying and anti-violence plan (EA, s. 96.13). The principal shall see to it that all school staff members are informed of the school’s rules of conduct, safety measures and anti-bullying and anti-violence measures, and of the procedure to be followed when an act of bullying or violence is observed (EA, s. 96.21).*
- *Every school staff member shall collaborate in implementing the anti-bullying and anti-violence plan and shall see to it that no student in the school is the victim of bullying or violence (EA, s. 75.3).*
- *The governing board is responsible for approving the anti-bullying and anti-violence plan, and any updated version of the plan, proposed by the principal (EA, s. 75.1).*
- *A document explaining the anti-bullying and anti-violence plan must be distributed to parents. The governing board shall see to it that the wording of the document is clear and accessible. The document must indicate that it is possible to make a report or file a complaint concerning an act of sexual violence to or with the regional student ombudsman and, for a person who is dissatisfied with the follow-up on a complaint filed with the institution, to use the complaint processing procedure provided for in the Act respecting the National Student Ombudsman (EA, s. 75.1).*
- *The anti-bullying and anti-violence plan must be reviewed each year and updated if necessary. The principal of the school sends a copy of the anti-bullying and anti-violence plan and any updated version to the National Student Ombudsman (EA, s. 75.1).*
- *Each year, the governing board shall evaluate the results achieved by the school with respect to preventing and dealing with bullying and violence (EA, s. 83.1).*
- *A document reporting on the evaluation must be distributed to the parents, the school staff and the regional student ombudsman (EA, s. 83.1).*

CONFLICT, VIOLENCE OR BULLYING

Conflict	Violence	Bullying
<p><i>Misunderstanding or disagreement between two or more individuals who do not share the same point of view, values or interests. There are no victims, even if the individuals may feel like they are losing. A conflict may be resolved either through negotiation or mediation.</i></p>	<p><i>Any intentional demonstration of verbal, written, physical, psychological or sexual force which causes distress and injures, hurts or oppresses a person by attacking their psychological or physical integrity or well-being, or their rights or property (EA, s. 13).</i></p>	<p><i>Any repeated direct or indirect behaviour, comment, act or gesture, whether deliberate or not, including in cyberspace, which occurs in a context where there is a power imbalance between the persons concerned and which causes distress and injures, hurts, oppresses, intimidates or ostracizes (EA, s. 13).</i></p>

Sexual Violence

The Education Act does not provide a definition of sexual violence. However, reference to the following definition is suggested:

The concept of sexual violence refers to any form of violence committed through sexual practices or by targeting sexuality, including sexual assault. It also refers to any other misconduct, including that relating to sexual and gender diversity, in such forms as unwanted direct or indirect gestures, comments, behaviours or attitudes with sexual connotations, including by a technological means (Act to prevent and fight sexual violence in higher education institutions [CQLR, c. P-22.1]).

Racism and Discrimination

Racism:

A set of ideas, attitudes, and actions that aim to or result in the inferiorization of ethnocultural and national groups in social, economic, cultural, and political terms, thus preventing them from fully benefiting from the advantages granted to all citizens. (Concerted Action Plan 2020-2025)

Discrimination:

Every person has a right to full and equal recognition and exercise of his human rights and freedoms, without distinction, exclusion or preference based on race, colour, sex, gender identity or expression, pregnancy, sexual orientation, civil status, age except as provided by law, religion, political convictions, language, ethnic or national origin, social condition, a handicap or the use of any means to palliate a handicap. Discrimination exists where such a distinction, exclusion or preference has the effect of nullifying or impairing such right. Charter of Human Rights and Freedoms section 10.

Based on the severity and/or frequency of incidents and at the administration's discretion and in collaboration with the School Board when applicable. The following disciplinary and/or supportive/corrective actions may include, but are not limited to:

- Parent/Guardian notification
- Admonishment / conference with student (verbal warning)
- Reflection activity or action
- Recovery plan ~ Restorative measures or practices
- Written warning and deprivation of privilege(s) / service(s)
- Restitution
- Mediation or conflict resolution (when deemed appropriate)

- Referral to an alternative to suspension program for schools offering such a program
- Referral to a counsellor, external social/medical agencies, for support

Filing a complaint with the police Youth Criminal Justice Act: The Youth Criminal Justice Act (S.C. 2002, c. 1) governs the justice system when an adolescent aged 12 to 18 breaks a federal law or is suspected of having committed a criminal offence. The criminal justice system for adolescents encourages rehabilitation and reintegration. The educational institution may be responsible for the enforcement of extrajudicial sanctions applicable to people who are instigators of violence in school contexts.

Sexual Violence

Possible disciplinary measures, in the event of sexual violence, determined according to an analysis of the situation as well as the nature, severity and frequency of the acts committed

The preferred approach for students who are instigators/perpetrators of sexual violence is one based on increased accountability and education. Moreover, an educational approach is used by specialized organizations that offer therapies to these young people and by the justice system. Contacting specialized resources may help educational institutions determine whether or not a disciplinary measure would be beneficial for a student (e.g. the Centre d'expertise Marie-Vincent, integrated health and social services centres [CISSS] and Integrated University Health and Social Services Centres [CIUSSS], an organization that provides services to adolescents who have instigated sexual violence). Recall that children under 12 years of age who exhibit worrisome or problematic sexual behaviours (see page 3 for the definition) towards others are not recognized as "perpetrators of sexual assault," neither legally nor in the psychological, emotional or sexual sense of the term. Educational interventions are the preferred method for dealing with children engaging in these behaviours, and support measures may be necessary for children who have been subject to or witnessed these behaviours.

*** If legal proceedings have taken place and a student was found guilty of a criminal offence, the educational institution may be required to apply the judicial measures imposed on the student.**
